About Us

At **Kenivaa** we place great emphasis on team work and on creating an environment in which our sea going and shore based staff feel valued and part of the company. We believe due to reliability and seamless communication established with our clients, that we keep ahead of their expectations, enabling efficient and fruitful partnership.

Kenivaa specializes in providing complete management of all types of vessels including Tankers, Bulk Carriers and Offshore vessels. The company has dedicated experienced and qualified professionals including Master Mariners and Chief Engineers.

WHY CHOOSE US

- HIGH QUALITY STANDARDS
- INNOVATIVE PRODUCTS & SERVICES
- CUSTOMER CENTRIC APPROACH
- SUSTAINABILITY COMMITMENT

“Our Vision is growth at continued profitability with innovation and imagination to be among the best providers of reliable quality, safe and environment friendly ship management worldwide within well defined proceses and procedures”

TECHNICAL MANAGEMENT

All vessels technically managed by **Kenivaa** under their **DOC** are being maintained to the highest industry standard by following planned maintenance program. We monitor the vessels's performance closely to ensure maximum operating efficiency.

Ships are inspected at regular intervals by technical superintendents to ensure a very close follow-up of shipboard activities for smooth operations.

The team at **Kenivaa** is committed to operate a well maintained vessel with safety of crew, ship and environment as priority. Our technical and marine team is always at the forefront to maintain the vessel in compliance with all regulatory requirements and operate the vessel to highest industry standards.

OUR TECHNICAL SHIP MANAGEMENT TEAM PROVIDES

Management of onboard maintenance and associated repair plan

Drydock repairs and assistance

Consultation with regulatory agencies and ensuring compliance

Coordination of ship inspections and post inspection execution plan

Safety & Security assessments & awareness training as required by principals

OUR TECHNICAL TEAM FOCUSES ON FOLLOWING KEY ASPECTS OF SHIP MANAGEMENT PRACTICES

Daily monitoring of the vessel with consultation with owners

Follow ups on defect tracking in close coordination with ship staff

Technical diagnosis and root cause analysis

CREW MANAGEMENT

Crew management system is one of the prominent and important sector in shipping industry. Safety always comes first and we at **Kenivaa** ensure implementation of same onboard all our vessels.

OUR EXPERTISE

To recruit well qualified, experienced, medically fit, trained & competent seafarers as per STCW 2010, MLC 2006, ILO and Flag standards.
